

All new probate and guardianship cases must be e-filed by an attorney.

Effective June 1, 2018 all guardianships in the state of Texas must be registered with the Judicial Branch Certification Commission (JBCC). All guardianship applicants will be required to submit certain information to JBCC, which will be registered in the guardianship database. A hearing on a Guardianship Application cannot be heard until all requirements have been met. Below are links to the JBCC registration and Identogo for those that are required to submit fingerprints in guardianship of the estate cases that exceed \$50,000.

Should you have any questions about this process, please call The County Judge's Office at 806-935-5588

Guardianship Certification

All guardianships must now be registered with the state. Follow the link below to get started.
